

9<sup>th</sup> International Nanomedicine Conference  
Sydney Australia  
25-27 June 2018

Conference Co-Chairs: **Scientia Prof Justin Gooding**  
Director, Australian Centre for NanoMedicine and  
ARC Centre for Convergent Bio-Nano Science and Technology  
UNSW Sydney  
Editor-in-Chief, ACS Sensors  
ARC Australian Laureate Fellow  
**Prof Cyrille Boyer**  
Director, Australian Centre for NanoMedicine  
UNSW Sydney  
**Dr Ruirui Qiao**  
ARC Centre for Convergent Bio-Nano Science and Technology  
Monash Institute of Pharmaceutical Sciences  
Monash University

11 December, 2017

Prof. Mingyuan Gao  
Chief Scientist of "973" Program  
Institute of Chemistry, CAS  
China  
Email: gaomy@iccas.ac.cn

Dear Prof Gao,

On behalf of the organising committee of the 2018 International Nanomedicine Conference taking place in Sydney, Australia on June 25 - 27, I would like to invite you to participate as an Invited Speaker.

2018 represents the 9<sup>th</sup> year of this very successful International Nanomedicine Conference being held in Sydney, Australia. This event attracts approximately 250 registrants with representation from academia, medical research institutes and biotech companies.

The Conference will be co-chaired by myself, representing the Australian Centre for NanoMedicine and ARC Centre of Excellence in Convergent Bio-Nano Science and Technology (CBNS); Professor Cyrille Boyer, Co-Director of Australian Centre for NanoMedicine, UNSW and Dr Ruirui Qiao of CBNS, Monash Institute of Pharmaceutical Sciences.

This 9<sup>th</sup> International Nanomedicine Conference will be held at the Sydney beachside suburb of Coogee at the Crowne Plaza Hotel. We have decided to keep the total registration number around 250 to create a unique informal forum to exchange ideas, discuss research challenges and forge new research collaborations. Themes will include:

- Sensors & Imaging
- Drug Delivery
- Social Aspects & Regulatory
- Bioactive Materials
- Clinical Challenges
- Industry Session
- Microfluidics
- Bio-nano Interactions & Nano Toxicology

## Details for Invited Speakers:

### Conference Program

The conference program has not as yet been finalised, however I encourage you to view the conference website for updates on the [2018 program](#) and for programs from previous years.

### Abstract

We will require an abstract for your presentation. The [abstract template](#) must be used for production of abstracts (in Microsoft Word format, see below). The easiest way to use this abstract form is by cutting and pasting of unformatted text into it to maintain the document's present format.

### Speaker Presentation

Invited Speaker presentations will be a total of 20 minutes including questions and we would suggest 15 minutes for your presentation and 5 minutes for questions.

### Audio Visual and Speaker Checklist

Seminar rooms will be provided with a data projector, screen, lectern and laser pointer. Microphones will be available in the plenary room. Please ensure your presentation is uploaded from a USB either before the start of the session, morning or afternoon tea or at lunchtime on the day of your presentation. Each seminar room will have a dedicated technician to assist you. If you have alternative audio visual requirements, please contact us on [acn@unsw.edu.au](mailto:acn@unsw.edu.au) prior to the conference.

### Speaker Registration and Accommodation

Unfortunately, the conference committee is not able to provide financial incentives to Invited Speakers given we work on a non-profit basis. For this reason, we ask that Invited Speakers organise and pay for their registration and accommodation. More information on registration and accommodation can be found on the conference website.

I hope you are able to accept this invitation and would appreciate it if you could bring this 9<sup>th</sup> International Nanomedicine Conference to the attention of your colleagues.

For more information please visit the conference web-site: <http://www.oznanomed.org/2018-Program>

Kindest regards,

Scientia Professor Justin Gooding  
Conference Co-Chair – 9<sup>th</sup> International Nanomedicine Conference  
Director, Australian Centre for NanoMedicine and  
ARC Centre for Convergent Bio-Nano Science and Technology  
UNSW Sydney  
Editor-in-Chief, ACS Sensors  
ARC Australian Laureate Fellow

28 March 2018

To whom it may concern:

I would like to offer a formal invitation to Prof. Mingyuan Gao from Institute of Chemistry, Chinese Academy of Sciences, Beijing, China, to visit the Monash Institute of Pharmaceutical Sciences, Melbourne, from June 22<sup>nd</sup>, 2018 until June 24<sup>th</sup>, 2018 as Visiting Scientist. He will attend the CBNS Australia-China Nanomedicine Joint Research Symposium as invited speaker. Hotel rooms have been booked for Prof. Gao for the above-mentioned time period. No registration fee is needed but the accommodation fee and meals are at own expense.

Sincerely yours,

A handwritten signature in black ink that reads 'T.P. Davis.' The signature is written in a cursive, slightly stylized font.
